**NOTICE OF ADOPTION
WASTE DISCHARGE REQUIREMENTS ORDER R5-2018-0074
NPDES PERMIT NO. CA0085278
FOR
CALAVERAS COUNTY WATER DISTRICT
FOREST MEADOWS WASTEWATER RECLAMATION PLANT
CALAVERAS COUNTY**

Enclosed is Waste Discharge Requirements Order R5-2018-0074 (NPDES Permit) for the Calaveras County Water District (Discharger), Forest Meadows Wastewater Reclamation Plant, adopted by the California Regional Water Quality Control Board, Central Valley Region, on 5 October 2018. The NPDES Permit becomes effective on 1 December 2018.

Until the enclosed NPDES Permit becomes effective you will need to comply with the effluent limitations and requirements contained in your previous permit, Order R5-2014-0011. For your October and November 2018 self-monitoring reports, you will need to demonstrate compliance with previous Order R5-2014-0011 through 30 November 2018, and compliance with new Order R5-2018-0074 beginning 1 December 2018.

The Central Valley Water Board is implementing a Paperless Office system to reduce our paper use, increase efficiency, and provide a more effective way for our staff, the public, and interested parties to view documents in electronic form. Therefore, the Discharger is required to submit all self-monitoring, technical, and progress reports required by the Order via California Integrated Water Quality System (CIWQS) submittal. In general, if any monitoring data for a monitoring location can be submitted using a computable document format (CDF) file upload, then it should be submitted as a CDF file upload, such as characterization monitoring data. However, certain parameters that cannot be uploaded to the CIWQS data tables, such as Annual Operations Reports, should be uploaded as a Portable Document Format (PDF), Microsoft Word, or Microsoft Excel file attachment. Also, please upload a cover letter summarizing the content of the report to the submittal tab of the CIWQS module for each submittal.

All other documents not required to be submitted via CIWQS shall be converted to a searchable PDF and submitted by email to centralvalleysacramento@waterboards.ca.gov. Please include the following information in the body of the email: Attention: NPDES Compliance and Enforcement; Calaveras County Water District, Forest Meadows Wastewater

KARL E. LONGLEY S&D, P.E., CHAIR | PATRICK PULUPA, ESQ., EXECUTIVE OFFICER

11020 Sun Center Drive #200, Rancho Cordova, CA 95670 | www.waterboards.ca.gov/centralvalley

ED_002551_00001388-00001

Reclamation Plant; CIWQS Place ID 717684. Documents that are 50 MB or larger must be transferred to a CD, DVD, or flash drive and mailed to our office, attention "ECM Mailroom".

Now that your permit has been adopted, the Central Valley Water Board's Compliance and Enforcement section will take over management of your case. Mohammad Farhad is your point of contact for any questions about the enclosed Order. If you find it necessary to make a change to your permitted operations, you will be directed to the appropriate Permitting staff. You may contact Mr. Farhad at (916) 464-1181 or mohammad.farhad@waterboards.ca.gov.
